IN A CLASS OF THEIR OWN

WE SERVE VACATION FEELINGS FROM ITALY

Little Italy Love offers you the perfect setting, bringing the charm and the ultimate culinary vacation experience of Italy to your event. A unique project has resulted in one of the most entertaining and distinctive event concepts.

*„La dolce vita non è un luogo,
è un modo di sentire.
Tra gusto, bellezza e passione,
ogni momento si trasforma
in un ricordo indimenticabile.”*

Aleksandra and Norbert whom everyone actually calls “Norberto” are passionate restaurateurs who practically grew up in the restaurant business. Today, the two of them run a wedding venue together and love making people happy by creating special moments.

Through numerous trips to Italy, they fell more and more in love with the Italian way of life: the warm-hearted people, the music, the laid-back atmosphere, and, of course, the incredibly delicious food.

Norberto had always dreamed of unique Italian classic cars like the Vespa, Piaggio, or Fiat and of restoring them himself. His wife Aleksandra, however, had long joked that you don't really need such vehicles at all. It was precisely this that eventually sparked a special idea: Why not combine a passion for Italy, classic cars, and good food?

And so Little Italy Love was born an extraordinary event catering concept featuring lovingly restored Italian vehicles brimming with charm, enjoyment, and la dolce vita.

Year after year, this labor of love continued to grow. Now, daughter Victoria and son Noah are also part of Little Italy Love, living out this very special family dream together with their parents.

Selected products from Italy, created to bring authentic Italian taste, style and lifestyle to events, catering concepts and private moments.

With Little Italy Love, we are developing our own Italian house brand — a carefully selected range of food and drink products made in Italy and inspired by the feeling of La Dolce Vita.

The first products include Pinot Grigio, Primitivo, Extra Virgin Olive Oil, Limoncello, Green Pesto and Red Pesto — ideal additions to our catering concepts, food stations, gift ideas, event setups and Italian-themed experiences. Each product is designed to extend the Little Italy Love world beyond the event itself: authentic flavours, elegant branding and a Mediterranean lifestyle feeling that guests can see, taste and remember.

More products will follow, creating a growing collection of Italian specialties for events, retail opportunities, hospitality concepts and exclusive brand collaborations.

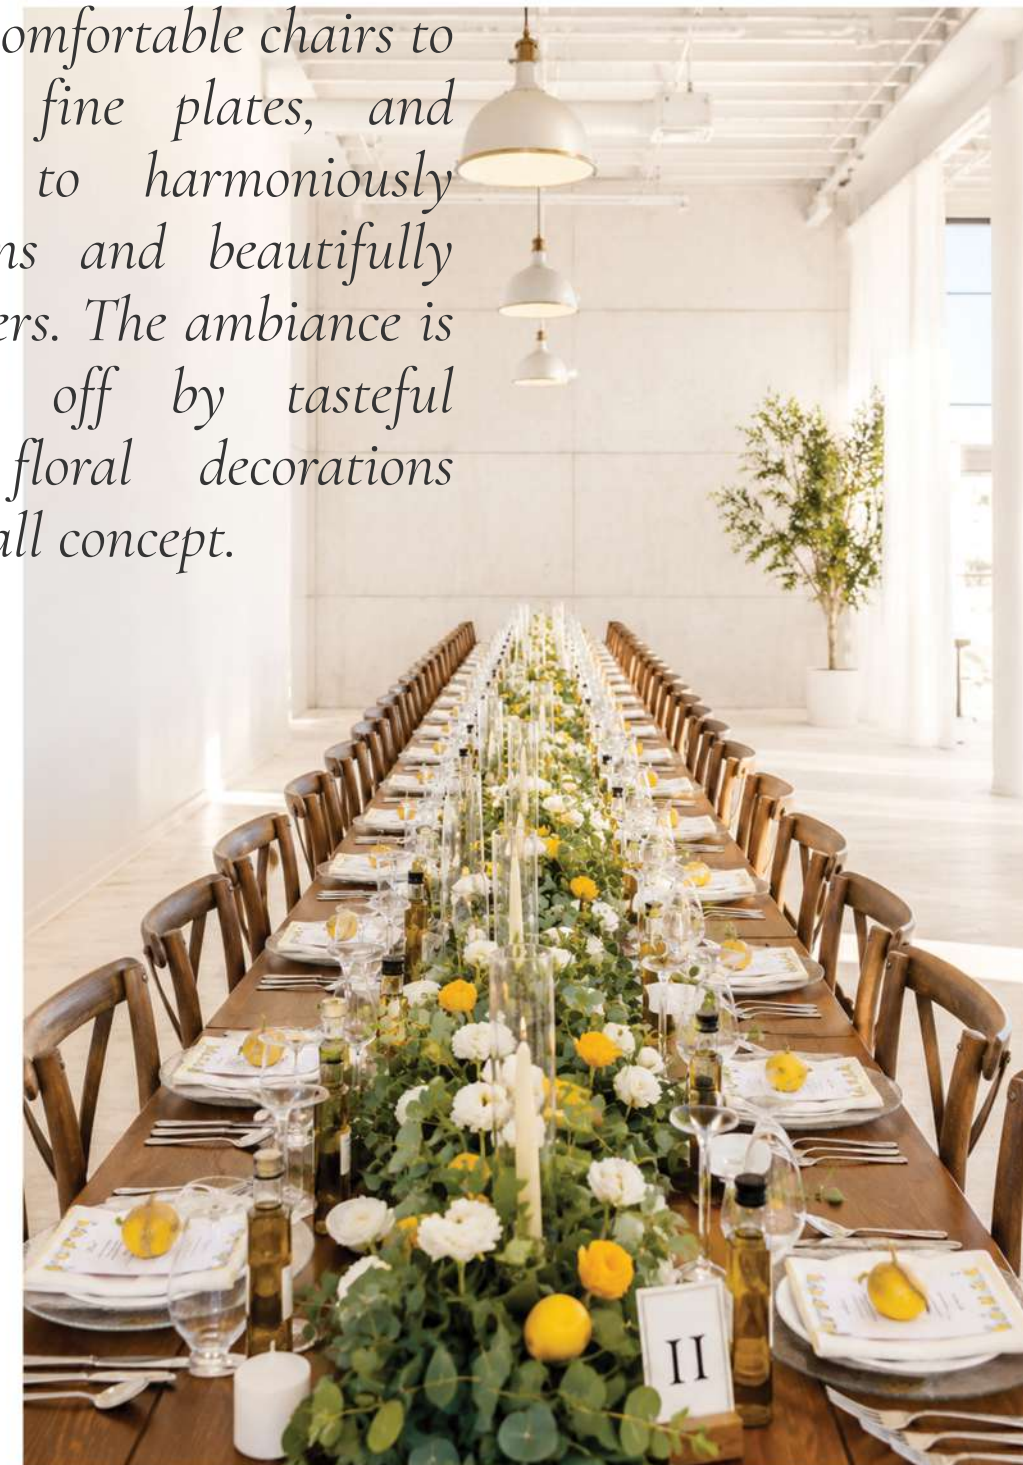

Combination Options

The Little Italy Love house brand can be combined with our existing food, drink and event stations — for example as part of an Italian welcome area, antipasti station, pasta station, pizza concept, wine bar, limoncello bar, gift table or branded guest experience.

It also offers strong potential for event giveaways, product placements, retail partnerships, hotel concepts, wedding favours and corporate gifting.

We offer stylish decor, lovingly arranged floristry, and handpicked furniture with an unmistakable Italian flair: from elegant tables and comfortable chairs to matching cutlery, fine plates, and glassware, down to harmoniously coordinated napkins and beautifully shaped candle holders. A vibrant, high-angle photograph of a coastal town in Italy, likely Positano. The town is built into a steep, rocky cliffside, with colorful buildings in shades of yellow, orange, red, and white cascading down the hill. The town is surrounded by lush green vegetation and trees. In the foreground, the town meets a bright blue sea, with a small beach and a few boats visible. The background shows more of the cliffside and the sea, with a clear blue sky. The overall scene is one of natural beauty and charming architecture.
